2017-2018

Secondary Math and Social Justice

Have you said, as a secondary math teacher, "**How can I integrate culturally responsive teaching into math?**" Well, here is your answer!

Equity Alliance MN is pleased to announce the return of Minneapolis Public Schools' South High School teachers Stephanie Woldum and Morgan Fierst to present *Critical Pedagogy: Math and Our Community*. Stephanie and Morgan never hear, "Why do we have to learn this?" because they **apply real-world problems to the required standards-based curriculum**. Learn how to increase student engagement exponentially by **infusing local data** such as housing, youth programming, crime, and employment statistics into **advanced and intermediate algebraic concepts**.

Saturday, December 2, 2017

8:30 a.m. - 3:30 p.m.

Equity Alliance MN Offices

6063 Hudson Rd, Ste. 218

Teachers last year said:

- Loved that there are clear practices and resources to take away!
- Great interactivity and modeling!
- Real and authentic ideas
- Culturally responsive!
