

3-D Thursdays!

"Three-Dimensional" Series for Rural Educators

● Educator Opportunities

● Networking

● NGSS Connections

First Thursdays of Each Month

Upcoming: Nov. 5th at 7:00 pm Central Time

With hosts Rachael Arens and Michael Guarraia, Albert Einstein Fellows at NASA

Special Guests

Have you ever wanted to grow as an educator professional and have a federal impact in education? Join us for a freestyle conversation and workshop on enhancing your role as an educator and leader through paid fellowship opportunities at Federal agencies.

Kelly Day

Kelly Day is an Albert Einstein Fellow working at the Department of Energy. She is a 7th grade math teacher from Indianapolis, Indiana. In 2015 she received the Fulbright Award in teaching which allowed her to live and research Finnish Education in Helsinki Finland.

David Lockett

David Lockett is an Albert Einstein Fellow working with the NASA's Office of STEM Engagement. He has been a computer science and STEM teacher in Lake Wales, Florida for the past 13 years. David was honored in 2020 with the International Society of Technology in Education Award.

Suzy Otto

Suzy Otto is an Albert Einstein Fellow at the Department of Defense at the Surface Naval Warfare Center in Carderock, Maryland. She taught high school physics and chemistry for 17 years in the rural community of Paris, Missouri and worked as a chemical engineer before teaching.
